Goldie DeWitt, Owner of 1DOWN Entertainment has been heavily involved in the Adult Entertainment Industry since 1996. Starting www.1down.com and a Agency with party girls for bachelor parties was how Goldie put 1DOWN on the map. Known for having some of the funniest, sexiest ladies in the party scene, Goldie's girls were responsible for just about any and every bachelor party throughout the Inland Empire and stretching out to the greater Los Angeles areas. With the popularity of his girls reaching the porn industry, Goldie then found himself supplying girls to a few porn producers and this would soon open up new doors and opportunities. Working with so many Exotic Dancers, Goldie found himself inside the strip clubs a lot, but being able to see through all the tits & ass, Goldie saw something the Strip Club Industry really needed, a magazine! So, Goldie launched his very own 1DOWN Magazine to the Strip Clubs and they loved it. It's filled with exclusive photos from all the club contest, fun interviews, exclusive photos from xxx porn stars featuring at selected clubs, and some of the best articles you could ever read, written by yours truly, Goldie. Now that 1DOWN Magazine has made it's name part of the Strip Club Industry, Goldie still wanted to bring more, so in 2004 he rewarded the strip clubs in Southern California with his very own 1DOWN Strip Club Awards. This was the first time in history in Southern California that this has ever been done and the response was incredible! He was really letting nothing stop him from showing everyone why he is the KING of Strip Clubs!

Now coming into his 12th year, he says now it's time to get bizzy! "I've always respected the Adult Entertainment Industry and I've always gave it my best and never once have I turned my back on it. It has been good to me and just like everything in life, you have ups & downs, but even the downs are better than most peoples ups who aren't in this Industry. The key to survival in this Industry is simple, Never give up and Run your business and don't let the business run you. I got into this Industry because I wanted to make money! I was no where near broke when I got into the industry, I just wanted to make more money doing something I would enjoy and something I could grow into and make a name for myself and make history! I wanna immortalize the name 1DOWN with Adult Entertainment. I want people to see me as a positive force, I want people to remember me and speak on me as they speak on Greek Gods many years from now when ever a mention of Strip Clubs or Porn is spoken. It's important for me to protect my name and keep a positive spirit in myself and with my work. I want people to look forward to working with me and my company. I enjoy bringing joy to peoples life and seeing a smile on their face that I'm responsible for. I remember way back in 1988, 20 years ago when I first met Mr. Marcus, several years before he got into the industry and over the years, we

have stayed the best of friends, I was in his wedding and he was in mine. I just wrote him a check for starring in one of my movies and that made me feel good to be able to provide for a friend. Another long time friend that I knew before she got into the industry is Olivia O'Lovely who will be retiring in June 2008 and I wish her the best as she steps out and I step in. I also just shot Olivia in 1DOWN Unlocked #3 and it was another good feeling to write a check to a dear friend.

Starting 1DOWN Films feels like something I've always wanted to do but little did I know it. I enjoy being creative behind a camera. I've always had a natural talent for getting people to do fun, wild,, freaky ass shit on camera! When the Spearmint Rhino blessed me with the opportunity to provide them a Interracial line, I kinda felt like it was a dream come true. I was like wow, this is serious business now. It's time to bring my "A" game. I'm so ready for this, that I almost feel like I wasted the last 12 years doing other stuff, but timing is everything and everything happens for a reason. Over the past 12 years I've learned a lot and with this knowledge I feel I'm a head of most people who are already in the porn industry. I look forward to bringing a new look to Interracial Porn. I say Interracial Porn because thats the way it's titled, but honestly that's not the way I see it. I just see a black guy fucking a white girl. My wife is White and when we have sex, we don't call it Interracial Sex, we just fuck. When I go to a night club, there's not a room for Interracial dating or dancing, but crazy thing about Porn, it's kinda segregated in it's own way, and it's time some 1 say's hey, let's just fuck!

I am very attracted to the Gonzo world of adult movies. I look forward to bringing you hard fucking, sexy people and fun shit you will only see and expect from 1DOWN. I look forward to having very attractive white girls shoot with very attractive black guys and I will keep my titles simple such as 1DOWN Unlocked #1, #2, #3 and so on. I personally don't see white chicks as slutty cock suckers and I don't see black guys as thugs, & gangsters. No disrespect to the current titles out there now, it's your world. It's just not my flavor and my goal is to bring a new level of respect & class to the "interracial porn."
